homelessness!***

**EPOCH
PRACTICE**

The initiatives we seek are

- Policies, services or practices that have proven effective, whether ongoing or discontinued within the past 5 years.
- across diverse aspects of homelessness such as housing access, health, employment, migration, justice, access to social rights, fight against discrimination, intersectional approaches, peer work and empowerment, etc...

The projects and actions that we are looking for

- may vary in scale, ranging from large initiatives to those involving smaller capacities,
- will be inspiring for other stakeholders and potentially transferable elsewhere in Europe.

Why submit?

- Elevate inspiring and promising initiatives, resonating on a European scale.
- Join the EPOCH Practice programme and contribute to the EU's ambitious goal towards the ending of homelessness by 2030
- The selected practices will be compiled into a compendium to be published at the end of the two years.

A dedicated **Expert Committee** will review the submitted contributions to evaluate their relevance for this collaborative learning programme.

If your initiative is selected, you will be contacted for further information or to begin drafting the brief.

Deadline - Open Call : 30/09/2024
